

Ref. No.: 0671079/080

Date:

Dear esteemed researchers and scholars,

We are pleased to announce that **Swastik Journal** is now accepting submissions for publication. The journal aims to publish high-quality research articles across a broad range of disciplines, including but not limited to humanities, social sciences, natural sciences, engineering, and technology.

We invite all interested researchers, scholars, and practitioners to submit their original research articles, reviews, and case studies. The articles submitted should be based on original research and must not have been published elsewhere.

The journal peer-review processes, ensuring that the articles published are of the highest quality and meet the highest academic standards. All articles submitted will be reviewed by at least an independent reviewer who is expert in their respective fields.

We also encourage submissions that address contemporary issues, emerging trends, and innovations that have the potential to make a significant impact on society.

The deadline for submissions for the upcoming issue is by March 10, 2023. Submissions received after the deadline will be considered for the subsequent issue.

We look forward to receiving your contributions and helping to disseminate knowledge that advances our understanding of the world.

Sincerely,

A handwritten signature in black ink, appearing to read "Dr. Dilli Raj Khanal", written over a horizontal line.

Dr. Dilli Raj Khanal
